Number of students is all students with a scaled score in the course (includes international and mature age students).

P90, P75, P50 and P25 columns refer to the scaled scores on the 90th, 75th, 50th and 25th percentiles respectively. For example, P90 is the top 10%, that is 10% of scaled scores are equal to or greater than the scaled score given for P90.

Table excludes percentile data where there are fewer than 50 students. Where there are fewer than 5 students then the mean, standard deviation, min and max scores are also not included because of the small population size. A graph is not printed if there are fewer than 10 students.
