**NOTES:**

Excludes candidates who are international students and those including private subject study results.

The most common subjects/courses taken were:

English Course:	82.58%
Discrete Mathematics:	61.71%
Human Biology:	39.58%
Chemistry:	33.36%

As a result of no longer having a List 1/List 2 requirement, the most common four subject TER combination was Physics, Chemistry, Applicable Mathematics and Calculus (5.4% of candidates used this combination).
