

INDICATIVE TERS (ATARS) - MURDOCH UNIVERSITY

NOTE:

- You cannot repeat course codes within your six preferences.
- Murdoch has listed Indicative TERS (ATARs) for each of its courses, to give applicants an indication of the TER (ATAR) normally required to enter each particular course. The Indicative TERS (ATARs) are a **guide** only to the eventual TER (ATAR) required for each Murdoch course in 2010, which will only be known after all offers have been made.
- A method of study of 'F' indicates that you intend to undertake your course on a full-time basis internally (attending classes on-campus).
- A method of study of 'P' indicates that you intend to undertake your course on a part-time basis internally (attending classes on-campus). Please note that part-time does not refer to attendance of evening classes. Part-time students attend the same classes as full-time students but take less units per semester.
- A method of study of 'E' indicates that you intend to undertake your course externally (undertaking your study off-campus). Students who nominate to study in the external mode are normally limited to studying a part-time load. Please note that, although not indicated, many other courses are partially available externally.
