Your **Australian Tertiary Admission Rank (ATAR)**, is a number which reports your position relative to other students. For example, an ATAR of 70.00 indicates that you have performed better than 70% of the WA Year 12 school leaver age population.

ATARs below 30 are not reported.  
The ATAR is calculated in two steps.

First, TISC calculates your Tertiary Entrance Aggregate (TEA) by adding your best 4 scaled scores\* plus 10% of your best scaled score in one LOTE (Language Other Than English) course from 2014 or later, if any, plus 10% of your scaled score(s) in Mathematics Methods and Mathematics Specialist from 2017 onwards.

\*Subject to accumulation and unacceptable combination rules.

Second, each TEA is then converted to an ATAR using a method which includes consideration of the number of students with a TEA and the total WA population of Year 12 school leaver age. This preserves your rank position as measured by your TEA. A summary of the current TEA to ATAR conversion is on TISC's website [www.tisc.edu.au](http://www.tisc.edu.au).
