

I've got an early offer – what are my options at Main Round?

What you're thinking

I'm happy with the early offer and don't want to be considered for other courses in Main Round.

I have an early offer but want to be considered for other courses in Main Round.

I don't want the early offer any more.

What you need to do

Keep the early offer code as your 1st preference. If you have more than one early offer, put the one you want the most 1st by 4th January.

Move the early offer code to a lower preference. Add other courses as higher preferences by 4th January.

Remove the early offer code from your preference list by 4th January.

What will happen in Main Round

Provided you meet the offer conditions, your early offer will be reoffered to you in Main Round.

You'll get offered one of your higher preferences if you're eligible, or be reoffered your early offer course (if you've met the offer conditions).

You'll be considered for your remaining preferences and offered the highest one for which you're eligible.

Remember, you only get one offer in Main Round.
