FOREWORD

This brochure provides information on which courses accept the Skills for Tertiary Admissions Test (STAT)* as an admission pathway to the five participating universities in Western Australia.

To be eligible to sit STAT, you must be an Australian or New Zealand citizen or a permanent resident of Australia who will be 20 years of age or over before 1 March 2025. If you do not meet this requirement, there may be other circumstances that allow you to sit STAT, please check the <u>TISC website</u> before proceeding.

This information is correct as of September 2024 and is based on information provided by the participating universities at the time of publication. The information in this brochure is relevant only for admission in 2025 and is subject to change without notice.

*Formerly known as the Special Tertiary Admissions Test (STAT).

DISCLAIMER

The universities reserve the right to change the content and/or method of presentation and/or the method of assessment of any units of study, to withdraw any unit of study or program which they offer, to impose limitations on enrolment in any unit or program, and/or vary arrangements for any program.

Enquiries regarding university admissions requirements should be directed to the individual university(ies) concerned. TISC and the participating universities cannot accept liability for any incorrect advice received from sources other than TISC, the universities or the universities' officially appointed agents.

PARTICIPATING UNIVERSITIES

Curtin University Edith Cowan University Murdoch University The University of Notre Dame Australia The University of Western Australia

COURSES ACCEPTING STAT AS AN ADMISSION PATHWAY

The following tables list the courses at Curtin University, Edith Cowan University, Murdoch University, The University of Notre Dame Australia, and The University of Western Australia, which are offered through TISC. Each course for which STAT is accepted as an admission pathway in 2025 is indicated, and the STAT elements considered for those courses are identified. The universities may have additional requirements (such as prerequisite courses at Year 12 level) for some courses.

Fees apply to sit STAT. Current fee information is listed on <u>TISC's website</u>. STAT may not be the most appropriate entry pathway for all applicants with work and life experience – TISC

strongly encourages potential candidates to seek advice from the university/ies where they wish to study before booking for STAT.

APPLYING FOR UNIVERSITY USING STAT AS AN ADMISSION PATHWAY

Booking for and sitting STAT is a separate process to actually applying for university. If you are not a current-year Year 12 student, and are using STAT as your admission pathway, TISC recommends that you contact the university where you wish to study to confirm the preferred method of application – this may be via TISC, or direct to the university.

If you sit STAT in Western Australia, your results will be electronically available to the five WA universities. You will not need to provide them with a copy of your results.

CURTIN UNIVERSITY

Where it is possible to enter a course based on STAT results, the following indicates the STAT requirements for entry to Curtin courses in 2025. Note: WE = Written English test. MC = Multiple Choice test. Where courses do not accept STAT for entry, applicants are able to utilise the Written English component to demonstrate competence in English.

*For Nursing, although STAT may be used to meet academic entry requirements, it does not meet the higher English requirements of this course. For more information, see the course information on TISC's website.

EDITH COWAN UNIVERSITY

The following table indicates ECU courses whereby STAT can be considered as an admission pathway for entry in 2025. When using STAT as an admission pathway, applicants and prospective students should complete both the Written English **and** MC Quantitative **or** MC Verbal components of the test. * Highly competitive courses with limited places – STAT may not guarantee a place in the course Note: WE = Written English, MC = Multiple Choice test.

*For Nursing courses, although STAT may be used to meet academic entry requirements, it does not meet the higher English requirements of this course. For more information, see the course information on TISC's website.

THE UNIVERSITY OF NOTRE DAME AUSTRALIA

Where it is possible to enter a course based on STAT results, the following indicates the STAT requirements for entry to Notre Dame courses in 2025. Note: WE = Written English test, MC = Multiple Choice test. Where courses do not accept STAT for entry, applicants are able to utilise the Written English component to demonstrate competence in English.

*For Nursing courses, although STAT may be used to meet academic entry requirements, it does not meet the higher English requirements of this course. For more information, see the course information on TISC's website.

THE UNIVERSITY OF WESTERN AUSTRALIA

Where it is possible to enter a course on the basis of STAT results, the following indicates the STAT requirements for entry to UWA courses in 2025. Note: WE = Written English test, MC = Multiple Choice test. Applicants wishing to demonstrate competence in English via STAT must sit both the Written English and Multiple Choice tests.

Students wishing to apply for a course where STAT is not accepted should apply for one of UWA's comprehensive degrees and transfer to their preferred course, usually after one or two semesters. In most instances, this will not extend the duration of the preferred degree course.
